Hey Grls!

I hope ur enjoying our website! U Go Grl all started out when I was chilling w/ my BFF Jenna. We had the idea 2 start a trading card made only 4 girls. We planed out things like who would b on them & what they would look like. We told my mom about our idea & she thought it was really cool & creative. About 2 years later my mom and 2 of her friends started 2 take the idea seriously & make it a real product. I helped design what the girls would look like and even wrote some of the backs of the cards!

U Go Grls look like real grls, just like u and me! Some of the grls r people we know, like Jenna, 4 example. Kim, Amanda, Sara, Courtney, Lauren & Lexie r my cousins! We had a lot of fun creating all the cards, but it was also a lot of hard work! It's gr8 2 try new things. I hope u will try lots of the idea on the backs of the cards. I've tried almost all of them! Write 2 us with ur ideas 4 card backs and maybe we'll use it in the next series! Have fun collecting cards and always remember that u can do anything that u put ur mind 2!

U Go Grl!!
